**SECTION 6.10**      **TOURIST ROOMING HOUSES****(a) Purpose and Applicability.**

This Ordinance shall govern the review, approval and licensing of Tourist Rooming Houses in the Town of Dekorra. Aside from Ordinary Maintenance and Repair, any enlargement, modification, intensification, or change in prior approval condition for such use shall require a new review, approval and license under this section. Use of a subject property as a Tourist Rooming House, legally established by a County Conditional Use Permit and licensed by the State prior to the effective date of this section [insert effective date at end of document upon adoption], but is now allowed under this Ordinance, shall be deemed to be properly licensed if it has already received a County Conditional Use Permit. The continued use of the subject property, including any modification, is subject to the provisions of this Ordinance, as may be amended from time to time.

**(b) Definitions.**

- (1) Ordinary Maintenance and Repair. Repairs reasonably necessary to prevent the deterioration of a Tourist Rooming House, remodeling of the Tourist Rooming House, and necessary nonstructural repairs and alterations that do not extend, enlarge, or intensify the Tourist Rooming House.
- (2) Tourist Rooming House. A single-family dwelling licensed by the State and used for short term rentals as a lodging place, tourist cabin or cottage rented to tourists or transients for the purpose of overnight lodging for a period not less than 1 night and not more than 30 consecutive nights.
- (3) Tourist/Transient. A person who travels to a location away from his or her permanent address for a short period of time for a vacation, pleasure, recreation, culture, business or employment, and who pays to lodge at a Tourist Rooming House.

**(c) General Provisions.**

- (1) Findings. The Town of Dekorra desires to maintain the essential single family, owner-occupied or full time renter resident occupied character of the Town, particularly in the more densely developed areas of the Town. The Town has concerns that when Tourist Rooming Houses are located at too high of densities, located in too close a proximity to one another, and/or used as an income generating business, such uses may be detrimental to or endanger the character of the area and the public health, safety, and general welfare of the residents of surrounding lands, or could impair or diminish the use, value, or enjoyment of existing or future permitted uses in the area.

- (2) Density. No Tourist Rooming House shall be permitted closer than 1,000 feet from another Tourist Rooming House, except where otherwise approved by the Town Board upon consideration of the following factors:
- (A) Whether the Tourist Rooming House was legally established and licensed by the State and has received a County Conditional Use Permit, and operated according to that license and permit prior to the effective date of this ordinance.
  - (B) Whether the surrounding area is largely occupied by tourist- and/or recreation-oriented uses as opposed to single-family, owner-occupied residences.
  - (C) Whether topography, dense vegetation, or other feature effectively mitigates the impact of a lesser distance between Tourist Rooming Houses.
  - (D) Other factors which, in the Town's determination, are unique to the circumstances of the new Tourist Rooming House and/or existing Tourist Rooming House.
- (3) Amount of Use as a Tourist Rooming House or Related Occupancy. There shall be a minimum of one calendar week per month where no Tourists/Transients occupy the Tourist Rooming House. Use as a Tourist Rooming House for one day in a week counts as a calendar week. If a license is granted for use of a single-family dwelling as a Tourist Rooming House, that single-family dwelling shall not be rented month to month in addition to the above limits on Tourist Rooming Houses.
- (4) License Application Review Procedure. Each applicant for a Tourist Rooming House License shall first make application for a conditional use permit with the Columbia County Planning and Zoning Department, and then fill out a Town license application. Upon receipt of a complete application meeting all of the requirements of subsection (5), and a report from the Columbia County Planning and Zoning Department, the Town Clerk shall schedule a public hearing before the Town Plan Commission. This hearing shall occur concurrently with consideration of the petitioner's application for a conditional use permit with the County. After this hearing the Plan Commission shall recommend that the Town Board approve, approve with conditions, or reject the application. Within 30 days of the Plan Commission recommendation, the Town Board shall act to approve, approve with conditions, or reject the conditional use permit and license application. No license application which has been rejected under this subsection shall be resubmitted until the passage of a period of twelve months from the date of final Town Board action, except on grounds of new evidence or proof of change of factors found valid by the Town Board.

- (5) Town License Application Information. Each complete application to the Town for a Tourist Rooming House License under this section shall include the following:
- (A) Names, addresses, phone numbers and e-mail addresses (if available) of the applicant, owner(s) of the property, architect, professional engineer, or attorney, if applicable.
  - (B) A narrative of the proposed use which including a description of the subject property by lot, block, and recorded subdivision or metes and bounds; address and parcel number of the site; types of structure(s); proposed use(s); and methods to ensure ongoing maintenance and adherence to this section and other applicable Town, County, and State requirements.
  - (C) A site plan, drawn to scale and accurately showing the location, size, number, and surfacing of all existing and proposed structures, decks, porches, drives, parking spaces, entrances, sidewalks, trails, signs, fire pits, play areas, exterior lighting, piers, landscaping/wooded areas, other improvements, and drainage patterns.
  - (D) A fee as required by the Town Fee Schedule, which will be used by the Town to process the application.
- (6) Review Criteria. In reviewing each license application, the Town will use the following criteria as a guide for making a decision:
- (A) The Tourist Rooming House will meet all requirements of this section and all other applicable requirements of the Town Code of Ordinances.
  - (B) The establishment, maintenance, or operation of the proposed Tourist Rooming House will not be detrimental to or endanger the public health, safety, or general welfare of the occupants of surrounding lands.
  - (C) The Tourist Rooming House will be designed, constructed, operated, and maintained so as to be compatible, and be appropriate in appearance with the existing or intended character of the general vicinity, and that such use will not change the essential character of the same area, and will not significantly impair or diminish the use, value, or enjoyment of existing or future permitted uses in the area.
  - (D) The site and proposed Tourist Rooming House have adequate utilities, including adequate water capacity and an acceptable waste treatment and disposal system.

- (E) The site and proposed Tourist Rooming House have safe and adequate access to streets and highways and suitable ingress and egress, and is situated or designed to minimize traffic congestion and to have minimal negative effect on traffic flow or on-street parking.

- (A) Occupancy shall be limited to two persons per bedroom, plus an additional two persons. At no time may the number of Tourists/Transients exceed eight regardless of the number of bedrooms in the unit. Two exits are required for each bedroom.

- (F) The availability of the Tourist Rooming House to the public and Tourists/Transients shall not be advertised on site.
- (G) The Tourist Rooming House must be licensed by the State of Wisconsin.

- (I) The license shall not be transferable to another owner.
- (J) If pets are allowed, property lines must be physically delineated by a fence, although the fence does not have to be designed to contain the pets on the subject property. Pet behavior must meet applicable Town ordinances.

- (T) Owner’s website or other advertising shall state there are local government conditions and restrictions associated with this Tourist Rooming House use in order to maintain a predominately single-family, owner-occupied character of the surrounding area.
- (U) The owner shall comply with and obtain all necessary permits required by applicable federal, state, and local regulations.

- (8) **Inspection, Enforcement and Possible Revocation.** The Town Constable, with reasonable cause, shall have the right of inspection for the purpose of determining compliance with this license during normal working hours or upon reasonable notice outside of normal hours. Any license granted under this Ordinance shall be subject to revocation or suspension by the Town Board for violations of this section. Upon receipt of a written complaint, explicitly documenting the specific violation of license provisions, filed with the Town Clerk, or signed by any law enforcement officer, health officer, fire commissioner or Town Constable, the matter shall be placed on the agenda of the next regular meeting of the Town Board. The Town Board shall review the complaint and may order a public hearing on such complaint or may determine an alternative remedy is appropriate. The holder of the license shall be given 30 days' notice in writing of any hearing, and shall be entitled to appear and be heard why such license should not be suspended or revoked.
